

Remarks

The applicant has canceled claims 15-32, 34-63, 65, 66, 70-77 and 79-117 without prejudice. The applicant reserves the right to re-enter these claims at a later time or through a continuation or continuation in part application. The cancellation of these claims in no way should be construed as a limitation on the other claims but rather, is simply being made in order to simplify the prosecution of this case by reducing the claim count. There are no additional fees associated with this application at this time in that fees for all the pending claims have already been paid.

Conclusion

If the Office has any questions or if there are any actions that can be handled through an Examiner's Amendment, the applicant requests the Office to contact the attorney of record using the below-provided contact information.

Respectfully submitted,
